Tufts Night at Pops

Alumni of all years, degree recipients and their families, and other members of the Tufts community will enjoy this special evening of music to open Alumni Weekend. Conductor Keith Lockhart will lead the world-renowned Boston Pops in a special program that includes Tuftonia’s Day and Dear Alma Mater. The award-winning Tufts a cappella singing groups—the Bubs, the Jills, and the Mates—will perform during intermission. The evening will be chock-full of special surprises. You don’t want to miss this tradition!

Due to the popular and unique nature of Tufts Night at Pops, tickets sell quickly. We do our best to accommodate all alumni and their requests. We recommend that you carefully review the following guidelines to ensure that your special requests are met:

**If you would like to sit with friends at the Pops,** please purchase all of the tickets (for yourself and your friends) on one order form and pay for them together. Seating requests submitted separately are more difficult to group together.

All ticket requests will be fulfilled in the order in which they are received. If your first seating preference is filled, you will be seated in the next pricing tier and will be issued a refund for the difference.

**ALUMNI CELEBRATING REUNIONS** (Classes that end in 5s and 0s): Reunioners will be given preferred status for seating until APRIL 22. If you would like to sit with members of your class, class sectioned seating is available on the floor of Symphony Hall ($67). After April 22, available floor seats in reunion sections will be filled by non-reunion-year alumni on a first-come, first-served basis.

**NON-REUNION ALUMNI:** Requests for tickets will be fulfilled after April 22. The deadline to submit requests for tickets is MAY 13. Please note that alumni celebrating reunions have preferred status seating, and that all non-reunion alumni requests for tickets will be honored in the order they are received.

**GRADUATING SENIORS:** There is a special section on the floor reserved just for seniors and their families! Seats are limited, so submit your reservation form as soon as possible. Please refer to the guidelines on sitting with friends if you’d like to be seated with specific classmates.

We make every effort to mail out Pops and bus tickets well in advance of the event. If you mail your order in after May 13, your tickets will be held at Alumni House and you are welcome to come in and pick them up in person, if convenient. If you are unable to pick up your tickets, they will be held for you at Symphony Hall on the night of the event.

**Alumni Weekend Attire**

New England’s weather in May can be a bit unpredictable, so be prepared for anything. Be sure to pack comfortable walking shoes as you will be walking up and down hills and along pathways on campus, and keep in mind that some events are held in tents or on grass. Bring sweaters, rain gear, and something dressier if your individual class reunion calls for it. Business casual attire is appropriate for most Alumni Weekend functions.
Join your fellow classmates, Tufts alumni, university trustees, administrators, and guests for the best party in the history of the university—THE BIG GIG!

Due to the overwhelming popularity of this event last year, we anticipate that this will be an even BIGGER Gig featuring great live music from the band Shine, delicious food, and an opportunity to mix and mingle with other Tufts alumni celebrating reunions, as well as those who just enjoy a great party. Tufts president Lawrence S. Bacow will join TUAA president Ann Palmieri, J78, in saluting the efforts of reunion classes in making this another great year of class giving. And the 1852 and Carmichael Cups will be awarded to the classes giving the largest total gift and the class with the highest level of participation (there’s still time to help your class secure one of these honors).

The event will be held in the Gantcher Family Sports and Convocation Center. The all-inclusive price of $55 per person covers convenient parking right across the street, social hour beverages, hors d’oeuvres, a full-course served dinner and dessert, entertainment, and an official Big Gig souvenir. Reunion class table placards will help you find seating near friends, or, if you prefer, reserve a whole table for a reduced price. However, payment for all attendees must come in on one reservation form and on one check (see registration form for details).

Don’t miss this exciting celebration for the Tufts alumni family! Doors open at 6:30 pm; dinner will be served at 7:45 pm and dancing will go until midnight. Comfortable party attire is highly appropriate!

FRIDAY 6:30 PM / GANTCHER CENTER

SEMINAR #1
10:30–11:45 AM

ROBOLAB—Learning Engineering by Playing with LEGO Bricks and 2nd Graders
PEARSON 104

Tufts Professor Chris Rogers, Director of the Center for Engineering Educational Outreach

Working with LEGO Co., Chris Rogers developed ROBOLAB, an educational tool that uses LEGO building blocks and robotics to teach science and math. ROBOLAB has been adopted by more than 30,000 elementary schools, high schools, and colleges around the world. Tufts’ three-year-old program places Tufts engineers in local elementary school classrooms to help teachers teach math and science through engineering projects. This program has elementary school classrooms solving the same engineering problems that are posed to college students—sometimes the two even compete. Chris Rogers will demonstrate some of the contraptions that the young and older engineers are building and show how they are more engaged and learning better by building.

As time passes, we forget just how intense and competitive our own college admission experiences were and are often at a loss in advising the next generation on a best approach to the present-day process. Dean of Undergraduate Admissions Lee Coffin and Director of Financial Aid Patricia Reilly understand what Tufts and other top universities look for today in applicants. In this session they will share their insider’s perspective on today’s college application process, how to financially prepare to send children to school, and where opportunities for financial aid and scholarships exist. In this panel discussion, alumni offer an alternative view as they talk about how shared values of civic responsibility guide them to give selflessly to others. Together, through a variety of rewarding activities, they are mentoring a younger generation of leaders and establishing a legacy of volunteerism and philanthropy in their families and communities.
