Clinical Microbiology Laboratory Update

Workshop on Phenotypic Detection of Bacterial Resistance

University of Balamand
Faculty of Medicine and Medical Sciences
February 28, 2014– UOB

APUA headquarters is located in Boston, MA on the campus of Tufts University Medical School. APUA specialized staff provides field consultations and lend specialized expertise to guide policy makers, provider organizations, and other stakeholders seeking to improve antimicrobial supply, use, and management decisions. Our leadership includes recognized medical and scientific experts, including Nobel laureates and members of national academies of medicine and science. The APUA local chapters serve as reliable resources for collection and dissemination of information and advocacy for appropriate antimicrobial access and management in these reforms.

APUA also contracts and consults on national and global projects with partners.

Headquarters: 75 Kneeland Street, Boston, MA 02111, USA.
Tel: 617.636.0966

Lebanon Chapter Leader: Dr. Ziad Daoud, Faculty of Medicine & Medical Sciences, University of Balamand, P.O. Box: 100, Tripoli, Lebanon
06-930250 ext 3819

Program of the Workshop

14h 00 – 14h 15 Opening session: Introduction to the Workshop
Ziad Daoud, PhD

14h 15 – 14H 30 Resistance in the North of Lebanon
Monzer Hamzeh, PhD

14h 30 – 15h 00 Mechanisms of Antimicrobial Resistance
Ziad Daoud, PhD

15h 00 – 15h 15 Coffee Break

15h 15 – 16h 00 Phenotypic Detection of Bacterial Resistance
Ziad Daoud, PhD

This session is sponsored by Test Target Treat initiative from ALERE

16h 00 – 16h 45 Reception

16h 45 – 17h 30 Practical Session with hands-on application:
Performing phenotypic tests,
Reading and interpretation,
Reporting of results
